

LADIES LEAGUE FORMATS

HATE 'EM

On every course, there are a few holes that give every golfer trouble. The ones where, no matter how many times you play the course, you can never quite tame those holes. Don't you just hate those holes?

In Hate 'Em, you get to choose three holes as a team and, before the round starts, write down a par on each. A stipulation that applies is that the three holes must be comprised of one par 3, one par 4 and one par 5.

At the end of the round, add up the strokes (including the three pars on your Hate 'Em holes), and the low group wins. This game is played in the regular scramble format. Please play out the three holes you chose to take par on just to see how well you would have done!!!

REGULAR SCRAMBLE

Each person in the foursome hits their tee shot. All go to the best shot and play from there. Continue this until you hole out. Sometimes during this format you may be told that each golfer's tee shot must be played one or more times.

TEE IT UP

Each person in the foursome hits their tee shot. All go to the best shot and play from there. However, in this game you must tee up all shots except putts. In other words, choose your best drive, then tee that shot up and everyone hit from there. Sometimes during this format you may be told that each golfer's tee shot must be played one or more times.

FIVE OF CLUBS

This is played in the regular scramble format, however, you can only choose 5 clubs to take with you. No cheating - you cannot share your clubs with other members of your group!!!

GOLD SCRAMBLE

Each person in the foursome hits their tee shot. All go to the best shot and play from there. Continue this until you hole out. This time, however, you will be playing from the Gold Tee's. Sometimes during this format you may be told that each golfer's tee shot must be played one or more times.
